COMPLIANCE FORM

DATE OF SHEARING	
-------------------------	--

I confirm that the fibre sent herewith for processing by The Natural Fibre Company complies with the following requirements for wool from the Soil Association Standard for Organic Textiles. The Natural Fibre Company's Soil Association accreditation requires that the wool producer **must** provide evidence of either Soil Association or Organic Farmers & Growers certification. The acceptability of any other licensing body will be subject to Soil Association approval.

<p>61.2.1 For wool to be organic, sheep must:</p> <ul style="list-style-type: none"> • be managed to organic standards for at least 12 months before shearing, and • have had a period of three months (or three times the legal withdrawal period, whichever is greater) between the last treatment with an external veterinary treatment and shearing. <p>Note – the 12 months of management must either follow the conversion of the land or be part of simultaneous conversion. Note – to meet our textile standards, shorn organic wool must not contain pesticide residues, including those used as veterinary treatments, of more than 0.5mg/kg (see standard 60.16.2). If sheep have been treated with an external veterinary treatment the wool may not meet these standards. Synthetic pyrethroid treatments used up to 12 months before shearing are likely to result in residues over 0.5mg/kg.</p>

If organo-phosphates, synthetic pyrethroids or other allopathic veterinary medicines (eg. Clik or Crovect) have been used on your animals or fibres in the last 12 months please supply details from your flock records of the products used, amounts given and date.

DATE OF TREATMENT	PRODUCT USED	AMOUNTS USED

I enclose a copy of my certificate(s) to cover the twelve months prior to the date of shearing and any subsequent storage period.	
I confirm that my certificate specifically details WOOL .	

Once fibre is delivered and weighed in, a Set-up charge of £5 plus VAT per incoming kilogram together with any delivery carriage charges will be invoiced and must be received prior to commencing work on the order.		£5 plus VAT (£6 total) per incoming kilogram
		Delivery charges, if applicable
Total		

I confirm that I have read and agree to the Terms and Conditions of Sale and if using my own packaging, have labelled all bags as Organic.
